

ELECTRIC TORQUEING PUMPS

- **Electric Torque Pump Single Port**

1. Max. Pressure: 700 bar;
2. Light weight with AL material outside;
3. High efficient air cooling system for long time working;
4. Can be operated by remote control.

Model No	Max Flow (L/Min)	Min Flow (L/Min)	Motor (Kw)	Remote Cable (m)	Tank Oil (L)	Cooling System	Way of Control	Wrench Qty	Weight (kg)
TPE-2000	8	1.2	1.3	6	6	Air	Conventional	1	30
TPE-3000	12	1.9	1.5	6	12	Air	Conventional	2	35

- **Electric Torque Pump Double Port**

1. High efficient air cooling system for long time working;
2. Can be operated by remote control.

Model No	Max Flow (L/Min)	Min Flow (L/Min)	Motor (Kw)	Remote Cable (m)	Tank Oil (L)	Cooling System	Way of Control	Wrench Qty	Weight (kg)
TPE-302	8.2	0.8	1.3	8	8	Air	Conventional	2	33

- **Digital Type Electric Torque Pump**

1. High efficient air cooling system for long time working;
2. Can be operated by remote control

Model No	Max Flow (L/Min)	Min Flow (L/Min)	Motor (Kw)	Remote Cable (m)	Tank Oil (L)	Cooling System	Way of Control	Wrench Qty	Weight (kg)
TPE-302D	8.2	0.8	1.3	6	8	Air	Conventional	2	33
