

BATTERY TORQUE WRENCH

- Driven by a new modern brushless motor: The BTW Series reaches torques very precisely and efficient. Even when the battery is low.
- New modern brushless motor have a better efficient power output than existing competitors
- High accuracy of +/-5%, recalibration system makes tool more accurate. Programmable preset torque settings
- Numerous bolting's: The powerful 18V 5.0Ah battery reaches up to 300 bolting per battery charge. We also deliver a second battery pack with the multiplier. 9.0Ah battery optional
- Red lithium battery packs help bolting more nuts
- LCD digital display. Adjusting torque with every 10 Nm
- Wireless control optional, data recording system up to 1000 numbers of bolting job
- Optional Transducerized system. Output shaft with transducerized make torque output accuracy less than +/-2%

Brand:	Torqueing Power Solutions (TPS)
Series:	BTW (Battery Torque Wrench)
Accuracy:	+ / - 5 %
Advantages:	Brush-less Motor
	Precise and efficient
	Lighter, Durable and Faster
	Suitable for Variety of Applications
